The Face of Public Parking

Effective and efficient parking management elevates the public's perception of the municipality while controlling expenses and enhancing revenue.

Equipment and Financing

We handle all aspects of parking equipment acquisition and installation with the most experienced team in the country.

- > Parking needs and evaluation
- > Operational recommendations
- > Traffic and revenue controls
- > Equipment procurement

Parking Facility Planning

Our master planners can address parking facility layout, energy efficiency and enhanced signage and graphics programs.

- > New facility functional design
- > Facility reconfiguration
- > Pro forma development and financial analysis
- > Graphics/signage
- > Lighting/security

Parking Facility Management

Reduced expenses, increased revenues and elevated customer service are trademark components of our specialized municipal parking operations plans.

- > Comprehensive transition plans
- > Cash-flow management
- > Monthly parking management
- > Pricing optimization

Parking Meters

Our on-street parking meter operations team brings an unsurpassed level of sophistication and practical know-how to the management of municipal on-street parking.

Parking Meter Management

We'll assess a city's parking meter program and evaluate the feasibility of using state-of-the-art single and multi-space meter systems that can accept various forms of payment to enhance customer convenience.

- > Meter installation and maintenance
- > Multi-space technology
- > Collections and auditing
- > Revenue and data tracking
